### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: the prior art does not disclose or suggest a method of treating EIPH or facilitating airflow in an animal (defined by applicant to be non-human) or more particularly a horse, by adhering a nasal support on the exterior of the nasal passages or applying an outwardly directed force on the exterior surfaces of the nasal passages. Art to Stratton WO 98/12998 discloses an exteriorly applied nasal dilator on a horse, but does not predate applicant's invention. The examiner agrees with the applicant, especially when taking the evidence given in the 1.131 affidavit of 04-07-2005, that Beaudry does not disclose or suggest the use of an exteriorly applied nasal dilator on a horse or non-human animal. All references to the embodiment of the nasal dilator are only applied to humans. There is also no teaching to combine the use of a nasal dilator on a horse or animal to treat EIPH.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Glenn K. Dawson whose telephone number is 703-308-4304. The examiner can normally be reached on M-Th 7:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Anh Tuan T. Nguyen can be reached on 703-308-2154. The fax phone
